Notice Regarding the Revision of the Financial Forecasts

Socionext Inc. (the “Company”) hereby provides notification that, at a meeting of the Board of Directors held today, it has revised its consolidated financial forecasts announced for the fiscal year ending March 2027 (April 1, 2026 to March 31, 2027), which were announced on April 28, 2026, in light of the most recent operating trends.

2. Reasons for the revision of the financial forecasts

Compared with the full-year consolidated financial forecast for the fiscal year ending March 31, 2027 previously announced, net sales are expected to exceed the previous forecast mainly due to the favorable impact of foreign exchange rates, as the Japanese yen depreciated in the first half of the fiscal year compared with the exchange rate assumed in the initial forecast.

Operating income, ordinary income and profit attributable to owners of parent are also expected to exceed the previous forecast due to the favorable impact of foreign exchange rates. The exchange rate for the second half of the fiscal year is assumed to be JPY130 to the U.S. dollar.

Meanwhile, the annual dividend remains at 50 yen per share, in line with the dividends forecast announced previously.

(Note)

The above forecasts are based on information available at the time of the release of this document. Actual results may differ from the forecasts due to various factors.
