

## Socionext at Embedded World, 23 – 25 February 2016

**Langen/Germany, 12 January, 2016** --- Socionext Europe (SNEU), the Fujitsu/Panasonic fabless semiconductor joint venture, will be exhibiting for the first time at Embedded World, Nuremberg in Hall 4A, Booth 250.

On show will be their cutting edge semiconductor solutions for the most advanced video/image processing, networking, automotive and security applications.

Amongst the solutions being demonstrated will be their 'All-in-One' automotive multimedia concept, the HD62 Multiformat HD decoder SoC and the SEERIS™ Graphics Engine; Security Camera solutions; Single chip 4K/60p HEVC Video Encoder and Decoder; Custom SoC Platform Solutions; and CGI Studio, a development platform for the creation of hybrid 2D and 3D graphical interfaces (HMIs/GUIs).

On visiting their booth visitors will be able to discuss their projects and experience Socionext's revolutionary new solutions.

### **About Socionext Inc.**

Socionext is a new, innovative enterprise that designs, develops and delivers System-on-Chip products to customers worldwide. The company is focused on imaging, networking and other dynamic technologies that drive today's leading-edge applications. Socionext combines world-class expertise, experience, and an extensive IP portfolio to provide exceptional solutions and ensure a better quality of experience for customers. Founded in 2015, Socionext Inc. is headquartered in Yokohama, and has offices in Japan, Asia, United States and Europe to lead its product development and sales activities.
